Experience Camps are one-week camps for boys and girls who have experienced the death of a parent, sibling or primary caregiver. It's a place where kids can laugh, cry, play, create, remember the person who died, or forget the grief that weighs them down. It's a place where they can feel "normal", because everyone there has been through something similar and understands what it's like to lose someone important to them. It's a home away from home. And just about everyone will tell you..."It's the best week of the year".
